Exhibitor Registration Form

Dear Exhibitor:

The 24th Annual Meeting of the North American Membrane Society, **NAMS 2014**, will be held May 31 - June 4, 2014 at the Sugar Land Marriott Town Square Hotel in Houston, Texas. The hotel is located in suburban Houston in convenient proximity to numerous cultural and culinary opportunities. Furthermore, the greater Houston area offers numerous arts and outdoor recreation venues.

The **NAMS 2014** technical program will have a special emphasis on membranes for water and energy applications. This emphasis reflects the growing concern of society for sustainable living and the important role that membranes will play in achieving this goal. The technical program also will highlight the traditional areas of programming at a NAMS meeting ranging from materials development to applications for gases and liquids. The meeting website is open for abstract submission, hotel reservation, and meeting registration. We encourage you to visit www.membranes.org/2014.
